**You are invited to come together for
an evening of new conversation
about community.**

Peter will take us through the experience of
having conversations that make a difference in
the world. It is these kinds of conversation that
create a foundation for action that holds the
possibility of reconciling community.

*"The value of our coming together can be
measured by whether or not we are able to
have a conversation we have not had before.
A conversation is an action"*
